FREE DROP – IN TUTORING FOR ACCOUNTING 207 and 208 STUDENTS AVAILABLE THIS SEMESTER

The Accounting and MIS Department is pleased to offer peer tutoring for Accounting 207/208 students. Besides the evening hours, we are offering 4 hours tutoring on Wednesdays from 10:00 a.m. to 2:00 pm. This is a program we hope you will use. In addition, there is an online tutoring program to aid in covering exams.

These sessions are staffed by Accounting Majors who can help students in understanding fundamental concepts of the course and in developing skills to tackle difficult problems and questions. Students may drop – in during scheduled hours for assistance.

DOS AND DON’T WHEN SEEKING TUTORING HELP

1. Bring all notes and your text to your tutoring sessions.
2. Be Prepared – Have your topics and list of questions readily available
3. Other people may also be present during the tutoring block, be respectful and in some cases you may be working together as a group.
4. Do not expect the tutors to do your problems for you. They will help you understand concepts and answer specific questions. They will NOT do your homework or be expected to go line item by line item on a project as you complete an assignment.

Any questions or comments, please contact Deb Dragone: dragoned@udel.edu
